

ReefeWear Lo-Profile Caps

The OKR quality you've come to rely on in a 6-panel 100% cotton pigment-dyed cap with a Velcro fabric back strap closure. Because of its superior quality, very low price and our huge line-up of embroidered designs, these hats will land a smile every time!

The wash process softens the cap's fabric, to give it a brushed feel.

We carry this cap in 8 different colors chosen specifically for anglers.

Navy

Reefewear Visors

Garment Washed and very comfortable! We've made them ever so slightly higher in the front to accommodate small fish embroidery and your Logo.

Reefewear Guide Caps and Long Bills

Our Khaki Guide Cap is made of quick drying Supplex. It's not heavy, like so many on the market. The removable flap protects your neck when you're out on the water all day and the collar clip provides the extra protection "On the Water" enthusiasts demand.

We **STRETCH** the bill on these caps for extra protection from the Sun and we kept the Garment washed comfort & Velcro back.
